

LEASINGCORP.

A Subsidiary of the Development Bank of the Philippines

Environmental Statement Policy

DBP Leasing Corporation believes in responsible stewardship of the environment and the country's natural resources. Thus, it endeavors to optimize its operations and provide its customers opportunity for growth through environmentally sound business policy.

The employees and members of the Board of Directors of the DBPLC firmly believe that sustainable economic growth and responsible stewardship of the environment and of the country's natural resources are mutually inclusive. To this, it adopted policies and programs that protects the environment and maximizes output and economic life of its office supplies and equipment.

To show its commitment to environmental protection, it enacted the following policies:

- Minimize waste by continually evaluating the day to day operations and ensuring that the internal processes are as efficient as possible;
- Rationalize the use of motor vehicle and monitor its regular upkeep to ensure minimal or reduce carbon emissions;
- Implement the 4R Principle in the daily operations of the company to reduce carbon footprint;
- Meet or exceed all the environmental legislation that relates to the Company or to the Industry where the Company is operating;
- Use an accredited program or formulate programs or effort to offset the greenhouse gas emissions generated by our activities;

In support as well to the development programs of the parent company, DBP Leasing Corporation adopts the environmental Statement Policy and Green Initiatives of DBP and has committed to align its policies and programs to the initiatives and programs of DBP. To this, DBP Leasing Corporation has committed to support the following environmental efforts of DBP, to wit:

- Develop, implement and continually improve an Environmental Management System;
- Encourage other institutions to pursue environmental protection and pollution prevention through the Bank's lending and technical assistance programs, and pursue environmental management practices, including environmental due diligence inquiry in risk assessment and management;
- Comply with relevant environmental laws, regulations and agreements to which DBP subscribes;
- Set and review environmental objectives and targets along identified significant environmental aspects; and
- Ensure that all employees at all levels are made aware of and are actively involved in the Bank's Environmental Policy and programs through appropriate training and information
